

In *Home Maintenance*, builder and television presenter Luke van Dyck shows you how to maintain each part of your house—from the kitchen, to the bathroom, from the floor to the ceiling and out onto the roof.

Each section includes Luke's personal tips on topics such as safety, cost saving and how to ensure the job is finished to your satisfaction and on time. You'll also find all you need to complete the job, such as basic tools and equipment.

Home Maintenance also includes 11 easy step-by-step projects that you can do yourself to improve your home, with photographs and easy-to-understand descriptions including:

- BUILDING A TOOLBOX
- BUILDING A STORAGE SYSTEM
- REPLACING A TILE
- PATCHING A SMALL HOLE IN PLASTERBOARD
- INSTALLING A NEW DOOR
- BUILDING A SMALL DECK.

Home Maintenance is the essential companion for anyone who cares about their home.
